Grateful to have trusted Jon with the sale of my condo. He was assertive and consistent throughout the process. Being knowledgeable of the market, Jon did not sugarcoat when it came to details. Things are what they are, however, Jon put MY plans, hope, and numbers first. I did not feel swayed or influenced in a direction that favored either party. I highly recommend anyone hoping to buy or sell a home to reach out to him.

The agent that Gladden Global provided assisted me with an investment property I recently purchased. They did all of the leg work and was even helpful in connecting me to the contractor who performed the work. I would recommend them to any of my friends and family without hesitation.
